

ONLINE SURVEY FOR ALL AGED CARE STAFF

This research concerns aged care staffs' experience of patient aggression and work-home conflict, and the associated psychological implications.

We are seeking participants for an online survey who fulfill the following criteria:

- 18 years of age and over.
- Currently work full-time/part-time/casual/contract/placement hours in an aged care environment:
E.g. Nursing home, in-home care or geriatric wards.

Participants will have the chance to win a \$25 MYER voucher!

**THIS IS AN INDEPENDENTLY-RUN STUDY.
PARTICIPANTS WILL NOT BE ASKED WHICH ORGANISATION
THEY WORK FOR.**

Please feel free to forward this on to colleagues or friends you think may be interested in participating.

This study is conducted with the approval of the Australian College of Applied Psychology.

Feel free to contact Dr. Jasmine B. MacDonald with any questions or concerns:
